

Joseph Arcaro joins iTRANS Consulting Inc.

Tyrone Gan, President of iTRANS Consulting Inc. is pleased to announce that Joseph Arcaro has joined the iTRANS team as its newest Vice President. With close to 20 years of consulting experience in transportation planning and design, Joseph will be strengthening and developing the highway planning and municipal road design. He will also join Ray Bacquie, Vice President in expanding our municipal road and highway Environmental Assessment Practice.

Joseph has been involved in the planning, design and construction of a wide variety of transportation projects over the years. This includes planning and detail design of urban and rural highways; freeways and interchanges; and airport and parking facilities. Projects have included the Highway 35 Widening/Rehabilitation in Minden, Highway 7 improvements in Lindsay, Highway 400 NBL bridge rehabilitation at Highway 12 in Waubashene, and a number of Highway 407ETR projects, most recently the Markham By-pass interchange.
