

iTRANS Welcomes Bosco Tong in Alberta

insight • integrity • innovation®

We are pleased to announce that

Bosco Tong, MScE, MBA, C.Eng., P.E., P.Eng., P.T.O.E., has joined **iTRANS Consulting Inc.** as a Vice President to head up our Alberta Traffic and Transportation practice. Bosco's appointment strengthens our commitment to provide our clients throughout Canada with comprehensive transportation engineering solutions. He has over 30 years of experience in traffic engineering, transportation planning and highway geometric design. His extensive experience includes involvement on award winning transportation projects in North America and abroad. Currently, he is an adjunct professor at several universities, including the University of New Brunswick in Canada. He is also the Country Representative of the Institution of Civil Engineers in the United Kingdom in North America.

Bosco holds a B.Sc. (Eng) Hons. in Civil Engineering from the University of Hong Kong, a M.Sc.E. in Transportation from the University of New Brunswick, in Canada, and a MBA in Marketing from Seton Hall University, USA. He is a Chartered Engineer in the UK, a Professional Engineer licensed in the US, and a Professional Engineer registered in the Province of Alberta.

With the addition of Bosco as one of our key team members, iTRANS will continue to provide high quality professional services in the following functional areas:

- Transportation engineering and planning
- Transportation systems and policy
- Public transit
- Traffic operations
- Micro-simulation traffic modeling
- Accident and safety studies
- Parking analysis and parking garage design
- Intersection and corridor improvements
- Transportation demand management and context sensitive design solutions
- Traffic signal design and system coordination

Bosco can be reached at our office in Calgary at 403 690-7888 or by email at btong@itransconsulting.com
