Credit Valley Secondary Plan Transportation Study

Brampton, Ontario

iTRANS Consulting undertook the transportation study for the Credit Valley Secondary Plan Area, located south of Highway 7, east of Mississauga Road, west of Chinguacousy Road, and north of Steeles Avenue, in the City of Brampton.

This study involved a detailed level of analysis and assessment of impacts, infrastructure requirements and phasing related to the secondary plan area.

Infrastructure requirements and phasing were assessed using EMME/2 to prepare short and long-term travel forecasts, the development of alternative road alignments, and the analysis, evaluation and comparison of these alternatives.

Client:

- City of Brampton

Services:

- Travel Forecasting
- Transportation Planning
- Network Assessment
